

# High Quality Pressure Cleaners

Know the heart of your machine...  
...High quality pumps for a variety of applications

**VRX Series**  
Used on KL Extra 1600  
FDX 2 13/180

**AX Series**  
Used on KA 3200 Classic  
KD 2 300

**LW/ZW Series**  
Used on K 250 11/160M  
K 250 11/210T  
K Premium 9.15

**RW Series**  
Used on KE Premium Plus 15/200  
K 901TS 21/180  
FDX PRO 15/150

## Comet Spa, World Player

Comet Spa is an Italian company established in 1959. With 3 production sites, many branches and numerous distributors, Comet operates in more than 80 countries around the globe.

Its success is based on innovation and customer satisfaction, always geared towards the continuous improvement of technology, reliability and performance.

Comet has three core business segments:

- Diaphragm, piston and centrifugal pumps for agriculture
- High pressure piston pumps for the industrial sector
- Professional and semi-professional high pressure cleaners.

Comet Spa is an international excellence that enjoys the appreciation of the industry as a whole, and has earned itself a reputation as one of the leading world players.

“Comet products,  
Excellence and Innovation”

### KL Extra 1600

*Electrical cold water high-pressure cleaner*

- Vertical structure, designed for maximum ergonomics and ease of use
- Comet electrical pump with three axial pistons arranged vertically with pump at the bottom and all-metal construction without any plastic used for the structural components
- Brass pump head for KL 1600 Gold only
- Easy-Start device

### K Premium 9.15

*Electrical cold water high-pressure cleaner*

- Easy maintenance by simply removing the front casing and taking the electrical pump unit out
- Big wheels(220 mm  $\phi$ ); easy to handle also up and down steps and over uneven ground
- Extractable 3.5 litre detergent tank with level that can be seen externally. Fitted with filter, adjustment knob and an external tank suction system

### FDX 2 13/180 (Petrol)

*Diesel engine cold water high-pressure cleaner*

- With 4 wheels of which 2 castors
- Regulated low-pressure detergent suction
- Readily serviceable brass suction filter
- Water suction from external tank option (self-priming pumps)
- Yanmar L70 engine

### FDX PRO 15/150 (Diesel)

*Petrol Engine cold water high-pressure cleaner*

- Regulated low-pressure detergent suction
- Readily serviceable suction filter
- Professional unloader valve
- Honda GX series engine

### KA 3200 Classic

*Electrical cold water high-pressure cleaner*

- Compact size for storing and practical to use, thanks to its vertical design
- Simple to transport horizontally in the car
- Comet AXR pump with brass head
- Pressure gauge

### K 901 TS 21/180

*Electrical cold water high-pressure cleaner*

- Heavy duty structure with stainless steel cover
- Handy and secure housing of the hose reel (when applicable)
- Readily serviceable brass suction filter
- 4-pole motor (1400 rpm) well oversized and protected with paint
- Motor thermal cut-out

### K 250 11/160M

*Electrical cold water high-pressure cleaner*

- Sturdy and reliable structure with tubular frame
- Sturdy injection-moulded plastic casing
- Practical to use in both vertical and horizontal operating position
- Practical housing for spray gun and lance
- Handle with supports for power supply cord and delivery hose

### KD 2 300

*Electrical hot water high-pressure cleaner*

- Fuel tank with level floater and fill up filter
- Regulated low-pressure detergent suction
- Direct water suction with readily serviceable suction filter
- Pressure regulation
- Total-Stop device
- Pressure gauge
- EASY-START device

### K 250 11/160T

*Electrical cold water high-pressure cleaner*

- Sturdy and reliable structure with tubular frame
- Sturdy injection-moulded plastic casing
- Practical to use in both vertical and horizontal operating position
- Practical housing for spray gun and lance
- Handle with supports for power supply cord and delivery hose

### KE Premium Plus 15/200

*Electrical hot water high-pressure cleaner*

- Fuel tank with level floater and fill up filter
- Regulated high-pressure detergent suction
- Readily serviceable suction filter
- Rotary On-Off switch
- Self Priming pumps
- "No fuel" indicator
- "Machine switched on" indicator
